Ocean of Opportunities

About KCES's CoEM

The Khandesh College Education (KCE) Society established the College of Engineering and Management in the year 2001 with the objective to provide quality technical education in the unindustrialised area of North Maharashtra region.

KCE Society has an historic and philosophical background of more than 75 years which has been inculcated among all the students studying in the institutes run by it. As per the vision of our founder president Late Dr. Annasaheb Bendale; CoEM, Jalgaon has created a place of eminence in the field of technical education in North Maharashtra region in a very short period. I strongly believe that in the today's competitive environment, only the fittest will survive. Therefore, for academic excellence and holistic development of students, CoEM integrates state of art infrastructure and innovative methods/ techniques in teaching-learning process. the Institute has committed, proper blend of experienced and young faculty members to teach and guide the students.

I am sure students will find the learning experience extremely rewarding and enriching in CoEM, Jalgaon. The values we are nurturing in CoEM, Jalgaon is to ensure that our students are an integral part of the global society.

Vision

To embrace innovative theories, techniques and technologies to insure success in changing world.

Mission

Leading students from ground to skies through excellence to articulate identity.

President Message

KCES's CoEM is created with an objective of providing an outstanding 360 degree education in character building, leadership, extra and co-curricular activities along with academics and a very strong, dedicated and capable team of educators who became the driving force in the growth of this journey that is laced beautifully with triumphs.

Dr. Sanjay R. Sugandhi
Principal

Principal Message

It gives me great pleasure to introduce you to our new MBA program in FinTech. As you all know, the world is changing rapidly, and technology is playing an ever-increasing role in shaping the way we live and work. FinTech is at the forefront of this transformation, with innovations such as mobile payments, blockchain, and machine learning revolutionizing the way we conduct financial transactions.

About FinTech

The Fintech segment in India has seen an exponential rise in funding over the last few years; the sector received funding worth \$1.28 in Q1 2023, led by the Payments segment (69% share of fintech funding across all fintech verticals in India.)

A conducive business environment, entrepreneurial and innovative mindset, regulatory support, computing power, newer technologies and increase in funding and startups are enabling the adoption in this space.

MBA in FinTech (Financial Technology) is a AICTE approved and KBCNMU affiliated four-semester work integrated learning programme offered by KCES's CoEM and designed to help working professionals who are aspiring for rapid career progression.

Industry trends

Learning outcomes

- Analyze and evaluate the current state of the FinTech industry, its key players, and emerging trends.
- Understand the principles of financial management and how they are being applied in the FinTech industry.
- Evaluate the various forms of FinTech, including payments, lending, robo-advisory, blockchain, and cryptocurrency.
- Examine the regulatory environment surrounding FinTech and its impact on innovation and entrepreneurship.
- Develop a strategic framework for launching a FinTech startup, including market analysis, customer segmentation, and business model development.

We build techno-financial managers
