Metrics No: 1.4.2

Title: Feedback process of the Institution

Institute designed own format to collect feedback from all stakeholders. Feedback is collected on five point scale from 1 to 5 with level 1 as not satisfactory and level 5 as excellent.

1. Students' Feedback: Institute conducts students' feedback in the structured format. The questionnaire prepared obtains feedback from students on three major sets of parameters including teaching learning process, academic facilities and infrastructure of the department. Feedback is taken at the end of every semester. The Head of the department critically analyzes the feedback of every faculty member and departmental academic facilities. The feedback analysed is discussed with the concerned faculty. Such discussions help to evolve necessary corrective measures that can help the faculty to improve their performance.
2. Teacher Feedback: Teachers feedback on curriculum, academic facilities available at institute is taken using structured format. The feedback is conducted at end of academic year. The Head of the department critically analyzes feedback of every faculty member and it is used to identify the curricular gap in syllabus. This feedback is further used to plan and organise various seminars/industrial lectures, value added courses which helps to reduce the curricular gap.
3. Alumni Feedback: The alumni feedback is taken during their visit to the institution at annual alumni meet. The analysis of the alumni feedback helps to reduce curriculum gap by identification or/and organization of various career guidance training programmes for students.
4. Employer feedback: Employer feedback is taken either during the campus placement drives or employers visit to the institutes all-round the year. Employers give feedback on the curriculum and also on their overall impression of the institute and its students. The analysis of this feedback helps institute in organization of various skill development training programmes. It also helps in determining overall employability of students at various levels.
5. Parent Feedback: Parents give their feedback during their visit to institute/ at Parents Meet. Parents Feedback is based on the teaching learning process and facilities available in the institute. Feedback helps institute in reorienting the academic and administrative activities, organization of skill development, career counselling seminars for overall development of student.
6. Syllabus status or curricular is discussed in HOD Meeting and Report of Meeting (ATR) is enclosed.

All the feedback formats, Feedback analysis and Action Taken Report (ATR) are available at institute website on link:

<https://coem.ac.in/Feedback/list feedback>
