

Scope of Papers

- Computer Engineering
- Electrical Engineering
- Electronics and Computer Engineering
- Artificial Intelligence and Machine Learning
- Management Studies
- Innovation and Research

About the Conference

The International Conference on Optimization Techniques in the Field of Engineering (ICOFE) is a prestigious international forum that brings together researchers, academicians, industry professionals, and students from diverse engineering disciplines to exchange knowledge, present innovative research, and discuss emerging technologies. The conference focuses on the application of advanced optimization techniques to solve complex engineering problems, improve system performance, enhance operational efficiency, and promote sustainable technological development. It provides an excellent platform for fostering research collaboration, interdisciplinary learning, and the dissemination of high-quality scientific contributions through keynote sessions, technical presentations, and expert discussions.

CALL FOR PAPERS

Important Dates:

- Submission Deadline: 19 / 11 / 2026
- Author Registration Closes: 03 / 12 / 2026
- Conference Date: 10 / 12 / 2026

Registration Fees:

- Authors / Research Scholars: INR 11,500
- Student Authors (UG / PG): INR 11,000
- (After Acceptance the Author is required to complete the Payment)

Engineering and Management

About the Institution

Khandesh College Education Society's College of Engineering and Management (CoEM), Jalgaon, established in 2001, is a premier institution committed to excellence in engineering, management, and technical education. Approved by AICTE, recognized by UGC, accredited by NAAC, and granted Autonomous Status, the institute offers industry-oriented programmes supported by modern infrastructure, advanced laboratories, and experienced faculty. CoEM follows Outcome-Based Education (OBE) and actively promotes research, innovation, entrepreneurship, and industry collaboration to prepare students for successful global careers.
