**Dr. Pradnya A. Vikhar**  
Academic Dean  
KCES's, COEM, Jalgaon

I am delighted to present the digital edition of our Institute magazine "IntraNet" for the academic session 2019-2020, We all have been struggling with the Covid-19 pandemic and it asserted a profound impact on every aspect of human life.

This academic year has been an extraordinary challenge on account of COVID-19. However, the pandemic gave an opportunity world-wide to rethink and re-evaluate the strategies for higher education. Times of crisis ought to inspire creativity, critical reflection, transformation, and renewal. In the new normal, the challenge is to adapt, regenerate, and position the college for a strong and sustainable future.

During this crisis, our institution has succeeded in maintaining its standard in academies irrespective of the challenges posed by the trying times and efforts made by the college to make a transition from offline to online mode. Online learning has taken place through online platforms to harmonize semesters and academic calendars, as some programs have been successfully implemented online.

It is evident that the faculty mentors and overbearing response of the students received in the form articles across various discipline have managed overcome stress and pessimists and survive with the pandemic in a positive manner.

I congratulate the entire team for their effort in bringing out the present it oncol-its-kind edition.

**Prof. Dr. K. P. Rane**  
Principal,  
KCES's COEIT, Jalgaon
