Subject: - Request to allow the students to visit Hosting Duty

Respected Sir / Madam,

KCES's College of Engineering & Information Technology, Jalgaon is a technical institute imparting quality technical education in Computer Engineering, Electrical Engineering, E&TC Engineering & Mechanical Engineering Branches. As we are in the process of developing technical manpower ready for the industry, it expected for a student to work with industry related field & gain the field experience.

An educational tour has been organized for the students from the Computer Engineering section. The students would be delighted to visit your Hosting Duty and learn the working of it. We would like to visit Hosting Duty so that the students get a practical exposure of how a corporate company functions. Also we would like to have the assistance from the managers which will help the students get insights on the operational and the functional aspects of the company. It would be highly grateful if you could share the history as well as the growth pattern of your company and the sector.

Looking forward for a favorable response

Thanking You with Regards.
