Activity Report

24/08/2023

Outdoor visit

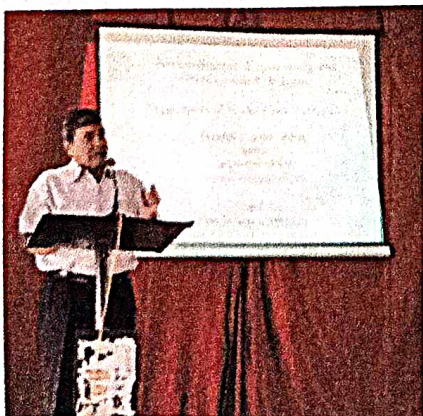

Outdoor Visit (Industrial visit) conducted by science and Humanities Department with HOD Mr. K. B. Patil, Teaching Staffs. Industrial visits are usually the first point of interaction between a student and a live working industry. The students learn about the latest technology trend and make up their minds about their future job or area of interest. An Industrial project work is the form of experiential learning that integrates knowledge and theory learned in the classroom with practical application and skills development in a professional setting.
