"IBM Skill Build Training Program"	
<p>The Training and Placement Department organized a Two-Day Certified IBM Skill Build Training Workshop from 24th February 2025 to 25th February 2025 in virtual mode. The workshop aimed to enhance students' industrial skills and provide them with the opportunity to gain certification from IBM Skill Build. This program was conducted under the MoU signed between the institute and EduNet Foundation. The workshop began with an introduction to the IBM Skill Build platform, where students were provided insights into the wide range of online courses and certifications available through IBM's platform. The training focused on building industry-ready skills, with a primary focus on critical areas such as cloud computing, artificial intelligence, data analytics, and cyber security.</p>
