<p style="text-align: center;">“Workshop on Build your own AI Avtar”</p> <p>The Training and Placement Department organized a "Build Your Own AI Avatar" Workshop, which was conducted by Mr. Abhinav, an AI & Cybersecurity Expert from Next Wave Technologies. This virtual event aimed to introduce students to the concepts of Artificial Intelligence (AI) and Cybersecurity through a hands-on experience of building an AI avatar. The workshop began with an introduction to Artificial Intelligence and Cybersecurity by Mr. Abhinav. He discussed the growing significance of AI in today's world, particularly in areas such as automation, virtual assistants, and data analysis. The central part of the workshop involved a practical hands-on session, where students were guided through the process of creating their own AI avatars. The workshop covered a variety of real-world applications of AI, including virtual assistants (like chatbots), gaming avatars, and other interactive systems. The workshop concluded with an interactive Q&A session, where students had the opportunity to ask questions and gain insights into the applications of AI in their respective fields of study.</p>
