## **Report on B.Tech First Year Induction Program 2025-2026**

### **Deeksharambha**

#### **Introduction**

The induction program for the first-year B. Tech students was conducted with the aim to ease their transition from school to college life, introduce them to the culture of the institution, and equip them with essential skills required to excel in their academic and personal endeavors. The program was designed to help the students acclimatize to the new environment, bond with their peers, and understand the expectations from them as engineering students.

**Duration of the Program:** 28 August 2025 to 2 Sept 2025

**Venue:** Central Auditorium Hall- KCE Society's College Of Engineering& Management, Jalgaon

**Participants:** First-Year B. Tech Students, Faculty Members, and Guest Speakers.

#### **Objectives**

- Introduce students to the institution, faculty, and fellow students.
- Familiarize them with academic expectations and evaluation systems.
- Encourage interaction, communication, and teamwork among students.
- Provide awareness on institutional facilities like libraries, labs, hostels, etc.
- Develop a holistic understanding of engineering and the importance of ethics, values, and discipline.
- Address issues like time management, stress management, and mental well-being.

Day-3

## 1) Importance of Spiritualism--

On the behalf of our college invited to Shri Nayan Swamiji Maharaj(Swaminarayan Mandir,Jalgaon) for the session of Importance of Spiritualism. Spiritualism is important because it provides meaning, purpose, and hope, improving mental and physical well-being by fostering inner peace, compassion, and connection to something greater than oneself. It offers a stable anchor during life's crises, helps in managing stress, strengthens social bonds, and encourages positive values like gratitude and empathy.

- **Day-4**

- **Practical Session-** The Physics Practical session conducted by expert Mr. D.S. Bharambe Sir was aimed at reinforcing theoretical concepts taught in the classroom through hands-on experimentation. The session helped students gain a deeper understanding of basic physics principles and develop practical skills.

Experiments Conducted:

1. **Determination of the Acceleration due to Gravity using a Simple Pendulum**
2. **Verification of Ohm's Law**
3. **Study of Projectile Motion**
4. **Determination of Refractive Index using a Glass Prism**

Day- 5

### **Industrial Talk –**

**The objectives of an industrial interaction session are to bridge the gap between theory and practice, enhance student and faculty employability through real-world exposure, and promote collaboration for mutual benefit. Key goals include facilitating knowledge exchange, fostering joint research, aligning curricula with industry needs, and providing professional development through guest lectures, workshops, and internships.**

**Day-6-Code Of Conduct**

**This session is conducted by Prof .S.O Dahad on the topic of Code of Conduct The main objectives of a code of conduct are to establish clear guidelines for ethical behavior, define an organization's values and mission, and provide a framework for making consistent and fair decisions. It sets expectations for employees and other stakeholders, promotes a safe and productive environment, and can help prevent misconduct by clearly outlining what is acceptable and what is not.**

## Day -7 Cultural program

This program is conducted by First year Engg Dept Cultural event objectives include promoting cultural heritage and exchange, fostering social cohesion, educating and entertaining audiences, and encouraging individual development like creativity, confidence, and social skills. They also aim to provide a platform for artists to showcase their work and for communities to connect and build a sense of belonging.
